

Step by Step Tutorial On how to Approve Youtube Videos

Teachers and Staff can approve YouTube videos for students by signing into their school Google account on YouTube, navigating to the desired video, and clicking the "Approve" button, typically located below the video player, ensuring it is accessible to students in Restricted Mode. This process allows educators to curate content, making it viewable for students within their organization.

Step-by-Step Approval Process: ▣

1. **Sign In:** Open YouTube and sign in using your school-issued Google account (e.g., your school district email).
2. **Find the Video:** Search for and click on the specific video you wish to approve.
3. **Locate the Button:** Look for the blue bar directly below the video player, which should state if the video is not approved for your organization.

ALL INDIVIDUALS APPEARING IN THIS
PROGRAM ARE PRESUMED INNOCENT UNLESS
PROVEN GUILTY IN A COURT OF LAW.

CRIMINAL CHARGES ARE OFTEN
DROPPED OR REDUCED.

VIEWER DISCRETION IS ADVISED.

4. Approve the Content: Click the **Approve** button, which will then toggle to "Remove" once successfully authorized.

5. Share the Video: Copy and share the video link with students; they can now view it while signed in.

Note* Do not approve an entire youtube channel only video by video. Reason being the owner of that youtube channel might post some NSFW content and so it is best to approve video by video.
