

# How to Make Copies

Login to a printer (*see this [page](#)*) and tap the **Copy** button. The screen will change to the MFP's (Multi Function Printer) copy interface, showing choices for 1 or 2-sided, B/W or Color, # of copies, etc. Tap the Copy physical button to start the copy, or you can tap the **1** button to go back (*see example image below*).

Revision #10
